

Jake Hawkins

On April 1st, 2005, Jake was born in Columbia, Tn. as the baby of 5 children. He grew up in Hickman County Tennessee, playing sports such as football and basketball, riding his multitude of different types of Dirt Bikes or Four-Wheelers, and making many friends. He is described by many of his teachers and peers as being “all boy” Jake loved the outdoors, and anything pertaining to it. So much so that his goal when he graduated High School on May 13, 2023 was to go to school to become a Game Warden, or TWRA. Sadly, he never got to fulfill that goal. Jake worked at an electrician company in Murfreesboro, TN with his dad and his big brother Tj, running heavy machinery. His specific machine was the skid steer, or the mini-x. When Jake wasn't working, you could find him deer hunting, fishing, mudding, with friends, or in church. He was an avid lover of his mom and dad, and family. Jake loved the heritage and honor that came with his last name-Hawkins. This is why he is nicknamed JD Hawk. Unfortunately, Jake was the last male Hawkins to be able to carry on the name. The chance for him to continue the Hawkins Family line ended at the hands of a cruel individual. Although he is no longer here physically, his name and the heritage it carries will always be remembered. Jake was an uncle to 5 nephews and 7 nieces, when 2 nephews came along three months after his passing-one of which received “Jake” as his middle name. Jake will be remembered as being funny, kind, hard-working, and “all boy”

We ask that if you have a story you'd like to share about Jake or a picture with him, email it to the EMail Address listed on the memorial website-My Brother's Keeper. The family would enjoy hearing other's stories about their loved one. In addition, it is encouraged to live life to the fullest like Jake would were he here with us all.

In Loving Memory
